RU Interested in…

…Working with other students and helping them succeed in STEM courses?

…Developing communication skills and skills in group facilitation?

…Working closely with faculty and staff in your field?

…Participating in training sessions with some of the top university research faculty interested in teaching and learning?

…Earning pay to develop your interpersonal skills, improve your content knowledge in the discipline and help your peers in the process?

Then find out more about becoming a Study Group Leader with the Rutgers Learning Centers!

Information Sessions

- Tuesday, Feb 24th
  3:20 pm – Tillett 111
- Thursday, Feb 26th
  12:00 pm – Tillett 111
- Friday, Feb 27th
  10:20 am – Tillett 111
- Visit RLC website for optional RSVP

Experiences from previous study group leaders:

- “I gained confidence in being a leader and improving public speaking skills.”
- I have refined my knowledge of physics and also learned more about how to interact and help students.
- I loved the job, every single aspect of it.
